PERSONAL STATEMENT

I recently cleared the NISM Equity Derivatives exam and have 1 year of paper trading experience. I have a strong foundation in programming, which I plan to use in my trading journey to build scalable and efficient solutions. I'm passionate about staying up-to-date with emerging technologies and applying them to analyze market data for better decision-making. My goal is to combine my coding skills with trading strategies, and I'm excited about collaborating with cross-functional teams to explore innovative opportunities in the financial world.
